

INVENTIVE GENIUS ROBS CALOMEL OF LAUSEA AND DANGERS

Doctors' Favorite Medicine Now
Purified and Refined from All
Objectionable Effects, "Calotabs"
—the New Name.

What will human ingenuity do next? Smokeless powder, wireless telegraphy, horseless carriages, colic-tasting quinine—these are the achievements of the inventive genius of the "Calotabs" man. The "Calotabs" man has taken the old-fashioned Calomel and has purified it from all objectionable effects, and has refined it into a new medicine, "Calotabs." The "Calotabs" man has taken the old-fashioned Calomel and has purified it from all objectionable effects, and has refined it into a new medicine, "Calotabs." The "Calotabs" man has taken the old-fashioned Calomel and has purified it from all objectionable effects, and has refined it into a new medicine, "Calotabs."

QUANTITY OF DRINK NEEDED

Mature Horse Will Consume From 10
to 12 Gallons of Water Daily—
Dairy Cows More.

Under average normal conditions a mature horse will drink from 10 to 12 gallons of water per day, and a mature beef animal about the same, while dairy cows that are milking heavily will consume from 12 to 15 gallons. A mature sheep consumes from one to six quarts of water per day, depending on the season and type of feed being eaten. Hogs consume widely varying amounts of water, depending on the season and the size and age of the hogs.

MORE PROFIT ON LESS LAND

Many Farmers Make Mistake of Try-
ing to Farm Too Many Acres—
Better Farming Needed.

Hundreds of growers in the United States are attempting to farm too much land. Better farming on fewer acres would make more profit. Better farming means use of better seed, more manure, better balanced fertilizers, better tillage, moisture conservation, insect and disease control, and all other conditions essential to the highest yields and the best quality. Everything done right is what counts in market gardening.—Market Growers' Journal.

Rheumatism Relief--25c.

Nature's Remedy (NR Tablets), Are
Helping Thousands Who Tried Ex-
pensive Things Without Result.
It's Guaranteed.

There are three vital processes of human existence—the digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Rheumatism, due to some interference with the process of elimination, failure to get rid of certain body poisons, cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any reasonable person expect to rid himself of rheumatic pain as long as rheumatic poison is allowed to remain in the body?

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other medicines have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for ancient and modern medicines, when you can get the same relief for 25c. a box of Nature's Remedy (NR Tablets), containing enough to last twenty-five days—must help you, must give you prompt relief and satisfactory benefit or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try it. Nature's Remedy (NR Tablets) is sold, guaranteed, and recommended by your druggist.

ANTI-SUICIDE CLUB FOR DOWN AND OUTERS

Helping Hands Stretched Out By Sal-
vation Army Workers to the
Despairing.

Many anti-suicide clubs in the state of Kentucky are quietly carrying on the work of inducing people not to take their own lives.

These clubs are among the Salvation Army's many agencies for grappling with moral and social problems. Practically every active Salvation Army corps in the state has one of these clubs—whether the agency bears the name of "Anti-Suicide Club" or not.

State Army officials report that local Salvation Army officers frequently are notified of cases of attempted suicide, or of those suffering from morbid impulses. Particulars in these cases come from police, relatives of the distressed persons, or through other agencies.

Salvation Army officers, when they hear of a case of a person being on the verge of taking his own life, immediately call on the person and give what advice or relief is necessary. By talking things over with the Salvation Army officer, the person gets a different view of things and often concludes that life is worth while.

This is one of the many agencies for good in the work of the Salvation Army, whose Home Service Campaign is on in Kentucky, May 10-20.

F. K. LANE HEADS NATION-WIDE DRIVE

Former Secretary of the Interior to
Conduct Salvation Army Home
Service Campaign.

One of the best-known men in the country, Franklin K. Lane, former Secretary of the Interior in President Wilson's cabinet, is to be the national chairman of the great Salvation Army Home Service drive, May 10-20.

Although under contract to assume charge of some great oil well properties for rich westerners April 1, ex-Secretary Lane declared that this work could wait until he had discharged his duties as head of a great campaign to raise money to help the poor and the unfortunate.

A "shirt sleeve" man himself, Secretary Lane knows what the pinch of poverty is. Born and reared a poor boy, he had many a hard knock before winning success.

In assuming charge of the campaign Secretary Lane said: "I know of no greater bulwark that could be raised against the rising tide of human unrest than to strengthen the hands of this band of self-sacrificing Christian toilers who have the confidence of all men regardless of race, creed, color or position in life."

GOVERNOR MORROW GENERAL CHAIRMAN

Salvation Army Home Service Cam-
paign in Kentucky Will Take
Place May 10-20.

Governors of all states east of the Mississippi river are taking an active interest in the Salvation Army Home Service Campaign, May 10-20. Realizing the splendid work done by the Salvation Army and appreciating its earnest desire to fully meet present-day opportunities, Governor Edwin P. Morrow, of Kentucky, has accepted the general chairmanship of the campaign in this state. The state chairman is Judge Henry S. Barker, of Louisville. Judge Barker is very well known to Kentuckians. He served as a member of the State Court of Appeals, was president of the University of Kentucky, and is engaged in the practice of law in Louisville. Judge Barker has always taken a leading part in welfare work in Kentucky. Vice chairmen will be appointed for each of the thirteen districts in the state.

J. Paul Swain is the state director, with offices in the Coleman Building, Louisville. He is assisted by three division directors—H. M. Oldfield, for the Western Division; Owen R. Mann, for the Central Division, and C. C. Camden, for the Eastern Division. Charles W. Morris, Louisville, is chairman of the Speakers' Bureau, and George E. Stephens is state publicity director.

In accepting the general chairmanship of the campaign Governor Morrow said:

"The splendid work of the Salvation Army appeals to the heart of all who are familiar with the work accomplished by its unselfish, devoted officers and members. Wherever the Salvation Army carries on there you will find a need supplied; a foot-sore unfortunate comforted; a hungry one fed; an aching heart given succor of sorrow. I appeal to the great heart of Kentucky to respond generously to the call of the Salvation Army in its Home Service Campaign. Let us not be outdone by other states in rallying to the support of an institution which has done and stands waiting to do its full share, helpful and running over, for the homeless and the afflicted."

TRAVELING MAN NEARLY GAVE UP

Thought He Would Have To Quit
Road—Has New Life and Energy
Since Taking Tanlac

"Yes, sir, I can recommend Tanlac and am glad to do so, for it put me right five months ago and I'm still feeling fine," was the statement made by E. T. Bailey, of 811 Second Street, Louisville, Ky., while discussing the medicine with friends at Taylor Isaacs drug store, in Louisville, recently.

Mr. Bailey, who is a traveling salesman, has represented Colgate & Company for the past five years and is one of the best known and most popular "Knights of the Grip" traveling out of Louisville.

"I feel deeply grateful to the manufacturers of Tanlac," continued Mr. Bailey, "for getting out such a great medicine. It certainly has done good work for me and I think everybody ought to know about it. At the time I began taking it I had been unfit for business for several weeks. My appetite had left me and my stomach was so upset that I could not eat anything without suffering severely afterwards from indigestion. I was constipated all the time, felt drowsy and dull and had no energy. I was nervous and irritable and had reached the point where I thought I was going to have to stop work and go under treatment. In fact, life seemed hardly worth living."

"I had read so much about Tanlac and had heard so many people in my rounds talking about how it had helped them that I concluded to try it, and it's a fact when I tell you I was feeling like a new man by the time I had finished the first bottle. After finishing the second bottle my stomach was in fine shape and I've been in top condition ever since. As I said, that was five months ago and I am still eating just anything I want and haven't an ailment of any kind. I have never been much of a hand to praise any kind of medicine, but I can certainly recommend Tanlac. What I took has been worth many times its cost to me and I am convinced that there's nothing like it for any sort of stomach trouble and a run-down condition. Yes, sir, I am glad to recommend Tanlac, for I believe it's the very best."

Tanlac is sold in Barbourville at the Cut Rate Drug Co.—Adv.

GIRDLER NEWS

Mr. and Mrs. Charlie Carty and family visited his sister, Mrs. D. M. Jackson at Cannon Sunday.

Mrs. Ellen Mills and family visited her daughter, Mrs. Williamson Sunday.

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.
